Preface

Use this guide to assist you while navigating PowerSchool. This guide is based on the PowerSchool online help, which you can also use to learn the PowerSchool Student Information System (SIS) and to serve as a reference.

The PowerSchool online help is updated as PowerSchool is updated. Not all versions of the PowerSchool online help are available in a printable guide. For the most up-to-date information, click Help on any page in PowerSchool.

Referenced Sections

This guide is based on the PowerSchool online help, and may include references to sections that are not contained within the guide. See the PowerSchool online help for the referenced section.

Security Permissions

Depending on your security permissions, only certain procedures may be available to you.

Navigation

This guide uses the > symbol to move down a menu path. If instructed to “Click **File > New > Window**,” begin by clicking **File** on the menu bar. Then, click **New** and **Window**. The option noted after the > symbol will always be on the menu that results from your previous selection.

Notes

It is easy to identify notes because they are prefaced by the text “**Note:**”

Introduction

PowerSchool offers two different types of mobile access: Mobile web pages, and mobile apps. Each requires separate configuration settings within PowerSchool.

Mobile Apps

Mobile apps include:

- PowerTeacher Mobile (iPad)
- PowerSchool for Parents (iPod Touch, iPhone, iPad, and Android)
- PowerSchool for Students (iPod Touch, iPhone, iPad, and Android)

PowerSchool for Parents and PowerSchool for Students mobile apps are available for download from the iTunes App Store and Google Play.

PowerTeacher Mobile is available for download from the iTunes App Store.

Mobile Web Pages

Mobile web pages are a way for teachers and administrators to access the mobile pages of PowerSchool using the iPhone® or Android operating system mobile devices. Since these are web pages, it is not necessary to install any application on your mobile device. Simply navigating to the normal PowerSchool sign in through the device's browser will allow PowerSchool to detect that a mobile device is being used and present pages that are tailored to the smaller screens. Mobile web pages include rich functionality such as the ability to view comprehensive student information including grades and schedules, as well as viewing and recording attendance.

Mobile Apps Setup

Before your district begins using mobile apps, it is recommended that you set up the following:

- Register your PowerSchool server with PowerSource.
- Upload a School Map (optional).

How to Register Your PowerSchool Server with PowerSource

Registering your PowerSchool server with PowerSource enables end-users to easily configure the mobile app to work with your PowerSchool server.

Enter the information needed for registering your PowerSchool server with PowerSource.

1. On the start page, choose **District** under Setup in the main menu. The District Setup page appears.
2. Under Plugins, click **Mobile Registration**. The Mobile Registration page appears.
3. Use the following table to enter information in the PowerSource Registration of District's Mobile App Services fields:

Field	Description
Mobile District Code	Displays a four-digit code if the PowerSchool server is registered with the PowerSource mobile registration server. If the PowerSchool server has not been registered, dashes appear.
Mobile App Server Address	Enter the server or IP address remote web traffic will use for the mobile web services. This can be an individual IP, domain, or a load-balancer address. Note: Typically this is the same as your Tomcat server.
Mobile App Port Number	Enter the port number remote web traffic will use for the mobile web services. Note: Typically this is the same as your Tomcat server.

Mobile App SSL Enabled	If your Tomcat server or Load Balancer is using SSL, select the checkbox. Otherwise leave the checkbox blank. Note: This option does not enable or disable SSL, it only informs the PowerSource Registration that your servers are using SSL.
District Postal Code	Enter the district's postal code. This is used when teachers search for your district via zip or geo-location.

4. Click **Submit**. The Changes Recorded page appears.

School Map

You can upload a map of your campus that is visible to students using the PowerSchool Mobile. For best results, use a PDF with text for room numbers and names. This allows students and parents to search for a room number.

Note: Maximum file size for uploaded map image is 1 MB.

How to Upload a School Map

Upload a school map in PDF, JPEG, GIF or PNG format. See the upload page for detailed information on recommended specifications.

1. On the start page, choose **School** under Setup in the main menu. The School Setup page appears.
2. Under General, click **School Map**. The School Map page appears.
3. Click **Choose File** (or **Browse**) to select the school map file.
4. Click **Submit**. The School Map page appears. The uploaded map file appears as a download link.

How to Delete a School Map

Once the school map has been uploaded, you may need to remove it in the future.

1. On the start page, choose **School** under Setup in the main menu. The School Setup page appears.
2. Under General, click **School Map**. The School Map page appears.
3. Click **Delete School Map**. The School Map page appears and the school map link is removed.

Mobile Web Pages Setup

Before your district can begin using mobile web pages, you must set up the following items:

- Enable mobile web pages at the district level.
- Set mobile web page settings at the school level.

Once mobile web pages is enabled at the district level and mobile web pages settings are set at the school level, all staff members will have access to the mobile pages of PowerSchool using a mobile device.

Enable Mobile Web Pages at the District Level

To get started, you must enable mobile web pages at the district level.

How to Enable Mobile Web Pages
